Teaching The World To Read
One Person At A Time

The Bestow Foundation

Our Literacy Program provides children, adults and families with accessible, quality instruction that develops and nurtures life, work and literacy skills.

Facts on Literacy

Children who have not developed some basic literacy skills by the time they enter school are 3-4 times more likely to drop out in later years.

It's not too late to start learning

- Learn to read and communicate
- Improve reading, writing, and problem-solving skills
- Get the basic skills needed to be productive family members, employees, and citizens
- Change your life!
